Confirmation of Officials on Rs. 25 per mensem.

READ—

Government Order No. 9008-9157—C. R. B. 34-28-1, dated 1st June 1929, granting discretion to all Unit Officers to confirm officials who were recruited under Government Order No. E. A. G. 2093-172—E. A. 14-21-7, dated 28th November 1921, and are holding appointments on a pay of Rs. 25 if the vacancies in which they are acting could be permanently filled up and exempting such of the officials as cannot be confirmed in existing vacancies from passing the S. S. L. C. Examination for purposes of being appointed to posts on a pay of Rs. 25.

ORDER NO. 2164-2264—C. R. B. 17-29-1, DATED 21ST OCTOBER 1929.

Some practical difficulties are reported to be experienced by appointing officers in giving effect to the Government Order read above. In the first place, confirmation of officials on Rs. 25 is authorised in the above order only if the vacancies in which they are acting could be permanently filled up. This will not enable appointing officers to confirm the officials in other permanent vacancies that may become available. In the second place, the mere granting of exemption from passing the S. S. L. C. Examination will not enable the officials in question being selected for appointments on Rs. 25 without advertising the vacancies.

2. With a view to facilitate the speedy absorption of acting officials of the class in question, Government are pleased to authorise appointing officers to confirm such officials in any permanent vacancies that may become available in their Units without advertising the vacancies. Such appointments should be reported for the information of the Central Recruitment Board.

DEVELOPMENT SECRETARIAT.

Expansion of Primary Education in Rural areas.

READ—

Correspondence ending with letter Nos. D2-6282-7 of 1928-29 and 295—P. S., dated 2nd September 1929, and 30th September 1929, from the Director of Public Instruction in Mysore, submitting proposals for the utilisation of a sum of Rs. 50,000 provided in the Budget for 1929-30 for the expansion of Primary Education in Rural areas.

ORDER NO. D. 3884-85—EDN. 748-28-6, DATED 13TH OCTOBER 1929.

The Director of Public Instruction proposes to utilise the additional grant of Rs. 50,000 made by Government for the expansion of the Primary Education in Rural areas on the following items:—

I. Opening of 145 new schools at a cost of Rs. 36,435 per annum.
II. Conversion of 60 Aided Primary Schools into Government institutions at a cost of Rs. 9,180 per annum.
III. Appointment of 15 additional hands to the existing Primary Schools at a cost of Rs. 3,600 per annum.

2. *New Schools.*—Villages have been selected for new schools on the following considerations:—

(i) A minimum population of about 500.
(ii) Provision of building accommodation.
(iii) Certainty of fairly good attendance, and
(iv) The villages selected should as far as possible be in a Village Panchayet Area where there are no schools.

These conditions have, however, been relaxed in the case of Urdu and Adikarnataka schools and in a few instances where a school has been considered necessary on such grounds as the absence of institutions within easy distance.

3. *Conversion of Grant-in-aid Schools.*—The principles of selection in the case of Grant-in-aid schools proposed to be converted into Government institutions are that these schools should be of at least five years standing and situated in villages where suitable accommodation is available.

4. *Pay of School Masters.*—In fixing the pay of the school masters to be appointed in this connection regard has been had to the inadequacy of the existing scales of pay of primary school teachers, a large majority of whom are on a fixed pay of Rs. 15 per mensem. The present occasion has been taken to create a number of posts on Rs. 20 per mensem to provide an opportunity of promotion to school masters who have worked for long periods on salaries of Rs. 15 and Rs. 17 per mensem.

5. The total cost of the proposal as noted above is Rs. 49,215 per annum. The small balance of Rs. 785 that will remain after meeting the total recurring cost is proposed to be kept as a reserve to meet possible charges on account of cart-hire in the case of Urdu Girls' Schools, and rent, where absolutely necessary, in the case of Urdu and Adikarnataka Schools.

6. The Director proposes to meet the entire cost on account of the equipments of the abovementioned schools out of the savings that will accrue during the current year, as the opening of the new, and the conversion of the Aided Schools cannot be effected earlier than 1st November 1929. Such savings are expected to amount to about Rs. 20,000 which will cover the expenditure on equipment.

7. In the above circumstances, Government are pleased to sanction the proposals of the Director of Public Instruction, for:—

(i) The opening of 145 new Primary Schools in the villages selected;

(ii) The conversion of the 60 Aided Schools into Government schools;

(iii) Entertainment of 15 new hands for existing Primary Schools in urgent need of additional staff;

(iv) The fixing of the pay of teachers in new schools, in the schools to be converted and also the pay of additional 15 hands at Rs. 20 each per mensem; and

(v) The utilisation of savings expected in the grant of Rs. 50,000 for the equipment of those schools at a cost not exceeding Rs. 100 per school.

8. Statements showing the names of villages wherein the new schools are to be opened and the names of 45 villages wherein the grant-in-aid schools are to be converted into Government Schools are appended to this order. The Director of Public Instruction is requested to forward the list of 15 other villages wherein the aided schools are to be converted into Government schools.

N. RAMA RAO,
Secretary to Government.
